

VacMotion™

AUTOMATION FOR INDUSTRY

Multiple Bellows Suction Cups

- Soft flexible sealing lip for highly irregular curved surfaces
- Provides extra level compensation
- 5mm to 62mm diameters
- Available in long wearing Nitrile (NBR) and high temperature Silicone (SIT)

Applications

Multiple bellows allow for additional level compensation and flexibility. Featuring a soft sealing edge for a variety of applications; including food handling, CD/DVD, medical packaging and textured, irregular curved surfaces. These cups can also be used for sheet separation and de-stacking operations.

Cup Diameter	Nitrile (NBR)	Silicone (SIT)
5	MB.5.NBR	MB.5.SIT
7	MB.7.NBR	MB.7.SIT
10	MB.10.NBR	MB.10.SIT
14	MB.14.NBR	MB.14.SIT
18	MB.18.NBR	MB.18.SIT
20	MB.20.NBR	MB.20.SIT
25	MB.25.NBR	MB.25.SIT
32	MB.32.NBR	MB.32.SIT
42	MB.42.NBR	MB.42.SIT
62	MB.62.NBR	MB.62.SIT
