

PBH Series - Side Barbed Connectors

Application

Cup assemblies have top threaded port to allow mounting with a bolt thru a plate or "L" bracket. The vacuum line can then be connected to the side barbed fitting. Nickel plated brass materials.

PBH series short bellows cups have a versatile design that provides increased sealing lip and level compensation for products with irregular, textured, curved surfaces or flexible sheets. Also a good choice for corrugated and smooth surfaces.

All nickel plated brass mounting hardware

Threaded top port allow assemblies to be mounted with a bolt thru a plate or "L" bracket

Side barbed vacuum fitting

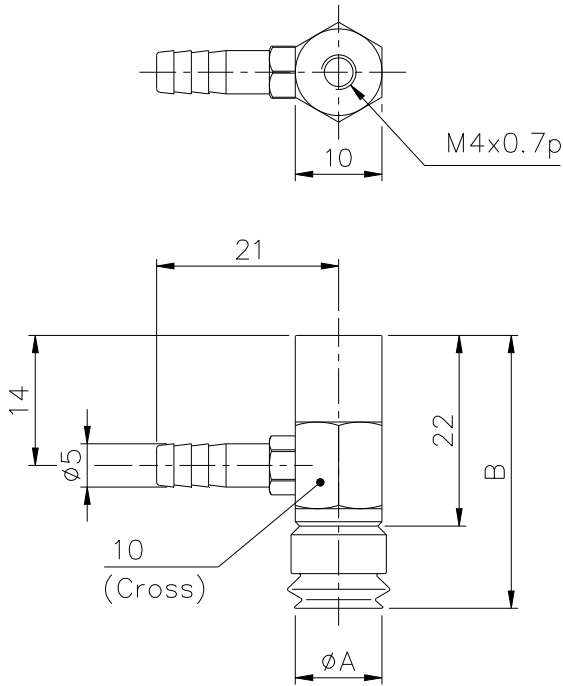

Ordering information

Cup Diameter	Nitrile (NBR)	Silicone (SIT)
10	PBH.10.NBR	PBH.10.SIT
15	PBH.15.NBR	PBH.15.SIT
20	PBH.20.NBR	PBH.20.SIT
30	PBH.30.NBR	PBH.30.SIT
40	PBH.40.NBR	PBH.40.SIT
50	PBH.50.NBR	PBH.50.SIT

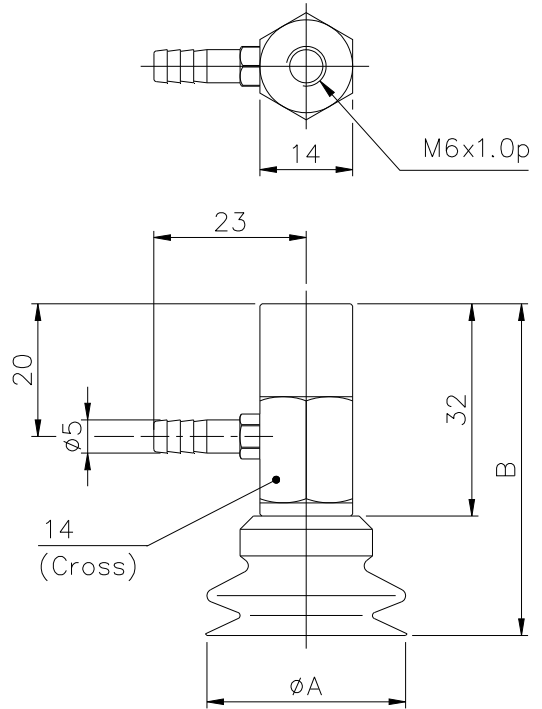

Cup sizes from 10mm to 50mm in long wearing Nitrile rubber or high temperature Silicone
